Step One: Initial Consultation

We know weddings are time-intensive, so Persona Hair & Spa offers you a chance to sit with us to decide everything you need in one appointment. We recommend booking your initial consultation within four weeks of the big day. Bring pictures! We will explore your ideas in hairstyle, skin care, makeup, eyebrow reshaping and nails. This might also be a great time to consider any color or corrective color work you may want for your hair. Our team is happy to listen to and create the look you want.

Step Two: Pre-Wedding Services

We will take care of you as well as your guests and attendants, for all of your pre-wedding get-togethers so you can relax and enjoy the party. Starting with manicures, facials and your hair style, we will schedule time for everybody invited to the wedding, so you can enjoy a perfect look at your event.

Step Three: Day-Of-Wedding Services

The big day is here! We will provide you with specialists in hair style and makeup, at our salon or your location. Just let us know what time you will be ready, and we will make sure that you will have the best look ever, so you can relax and enjoy the happiest day of your life.
